Features

- **Print 4 D-Sized Pages/min, Experience a Low TCO**

Print jobs faster while keeping costs low with this proven production workhorse.

- Enjoy high-speed, unattended printing.
- Radically simplify and speed up your entire workflow.
- Save time and expense—versus costly LED printing—with low-maintenance HP inkjet printing.
- Choose the configuration that best fits your printing needs today—and tomorrow.

- **One Printer to Meet Your Mono and Color Needs**

Get two printing systems—both mono and color—in one. The versatile HP Designjet T7100 Printer can produce low-cost CAD drawings and high-quality color documents.

- Produce monochrome CAD drawings for the same cost as your current LED prints—and even use laser paper.
- Impress customers with crisp, accurate renders, professional images on photo paper, and presentations.
- Explore the broad HP printing materials portfolio—consistent, high-quality results save time and money.
- Load different media on 3 different rolls. HP makes it easier than ever to be flexible and versatile.

- **Seamlessly Integrates with Any Environment**

This printer fits seamlessly into any production environment, with built-in connectivity, security, and manageability tools. Plus, embedded job accounting makes it easy to track usage and manage costs.

- Rest assured, this printer is easy to integrate, manage, and secure.
- Print confidently, knowing this Designjet supports the next generation of mainstream applications and formats.
- Manage your printing costs more effectively with embedded job accounting functionality
